

CALGARY CHILD'S PLAY

Calgary's Leading Before and After School Care Program
Ages 5 - 12

Whats Happening at CCP

Calgary Child's Play is excited about our upcoming in house conference happening next week February 11 and 12. Our site manager from the UK will be coming to present at a couple of workshops. We hope that staff take away new ideas for the children and plan some upcoming fun activities for the children.

After our conference we have 5 sites going through their accreditation visit. Good luck to St. Alphonsus, Eugene Coste, Riverbend, Ralph McCall and the All Boys Program.

Important Reminder:

All Calgary Child's Play Sites will be closed February 11 and 12.

Policy of the Month

Nutrition- Snacks

When families provide food and drink, the program encourages healthy, nutritious meal based on the requirements outlined in the Canada Food Guide. Staff also sit with the children during meal times to ensure that the children remain seated while eating and drinking. Staff are responsible to ensure surfaces are sanitized after each use.

We do not provide lunch or snack to children. Parents will be given advance notice through newsletters or memos on occasions when Child's Play does provide any meals or snacks. We do not provide any beverage (i.e. juice). We encourage parents to send their children with healthy and nutritious food as outlined in the Canada Food Guide. We are happy for treats on 'Fun Fridays'. A 'No Sharing' policy exists at all programs to ensure that children do not get

exposed to foods that could harm them. Children are provided opportunities to learn about the benefit of good nutrition and hydration.

Did you know?

CCP has a number of prop boxes that rotate around to our different sites. This enhances our program and the children's imaginations. If you have any items to donate to our prop boxes please let your site manager know.

We always welcome parents or volunteers to come into our programs to share their cultural background or careers with the children. If you would like to come into one of our programs and share these resources with the children please contact your site manager.

Child's Play Group is running Vacation Care this summer. We will be running 9 weeks of care throughout the summer at PBP community centre in the SW. Registration is now open please call the CCP office to register at 403-214-6772.
